Summary

To apply hands-on skills in manual testing, test case design and execution, defect tracking, and basic automation using Selenium. Possess a clear understanding of SDLC and STLC, with basic exposure to API and performance testing and motivated to contribute to building reliable, high-quality software.

Technical Skills

Manual Testing
- Strong understanding of SDLC, STLC, and defect life cycle
- Experience in creating test scenarios, test cases, and RTM
- Hands-on experience in executing test cases and documenting results
- Knowledge of functional and regression testing

Automation Testing
- Selenium WebDriver for web application automation
- Working knowledge of TestNG, JUnit, and the Page Object Model (POM)
- Basic knowledge of JMeter (assertions, timers, controllers)
- API testing basics using Postman
- Entry-level experience with JIRA for defect tracking
- Jira for defect tracking

Soft Skills

Analytical thinking **|** Problem-solving **|** Attention to detail **|** Adaptability **|** Communication and Teamwork

Experience

Software Testing Trainee | Ubicsoft IT Solutions **|** August 2025 – Present
- Managed the full STLC: Analysis, manual testing, and defect management.
- Automated critical test scenarios using Selenium WebDriver (TestNG/JUnit, Maven) and Katalon Studio.
- Performed comprehensive API testing via Postman (collections, validation, automated scripts).

Education

Bachelor of Computer Applications
School of Technology and Applied Sciences, Kottayam (2020–2023)

Projects

Manual Testing Project – OrangeHRM Web Application
- Implemented end-to-end functional testing on the OrangeHRM demo site, covering 60+ test cases across Login, PIM, and Leave modules.
- Identified defects, analyzed root causes, and documented clear bug reports to improve product quality.

Automation Testing Project – ParaBank Web Application
- Automated banking workflows using Java and Selenium WebDriver.
- Implemented dropdown handling with Select class, XPath locators, and validations.
- Covered registration, login, fund transfer, bill pay, loan request, and profile update modules.

Certification
- Advanced Diploma in AI Integrated Full Stack Software Testing | STC Technologies, Ernakulam (August 2025 - December 2025)
