SUMMARY

Detail-oriented and enthusiastic Software Testing fresher with hands-on training in Manual Testing, Automation Testing using Selenium with Java, and Performance Testing using JMeter. Strong understanding of SDLC, STLC, test case design, defect tracking, and functional testing. Eager to contribute technical skills and learn in a growth-oriented software testing environment.

TECHNICAL SKILLS

Manual Testing: SDLC, STLC, Defect Life Cycle, Test Case Design, Functional Testing, System Testing, Regression Testing, Requirement Traceability Matrix (RTM)

Bug Tracking and Tools: JIRA, Excel Reporting, Test Documentation

Automation Testing: Selenium WebDriver (Java), TestNG, JUnit, Maven, Page Object Model (POM)

API and Performance Testing: Postman, Apache JMeter (Assertions, Timers, Controllers)

Database: Basic SQL for data validation

EXPERIENCE

Software Testing Trainee (Training Program) - Ubicsoft IT Solutions

Aug 2025 - Jan 2026

- Designed and executed 150+ test cases for web applications across functional and regression test cycles
- Executed end-to-end STLC activities: requirement analysis, test design, test execution, and defect tracking
- Performed functional and regression testing to validate application behavior against requirements
- Automated test scenarios using Selenium WebDriver with TestNG/JUnit and Maven build tool

PROJECTS

OrangeHRM - Manual Testing

- Designed and executed 60+ manual test cases for Login, PIM, and Leave modules
- Performed functional and regression testing; identified defects and prepared detailed bug reports
- Maintained Requirement Traceability Matrix (RTM) to ensure full test coverage

ParaBank - Automation Testing

- Automated end-to-end banking workflows using Selenium WebDriver with Java
- Implemented Page Object Model (POM) for reusable and maintainable scripts
- Automated modules including Registration, Login, Fund Transfer, Bill Pay, Loan Request and Profile Update

ACHIEVEMENTS

- Designed and executed 150+ test cases during software testing training.
- Completed AI Integrated Full Stack Software Testing certification.
- Automated end-to-end test scenarios using Selenium WebDriver with Java.
- Gained hands-on experience in JIRA, Postman, SQL, and JMeter.
